

## **Equal Opportunities Statement**

At WDF Productions, Equal Opportunity is a key element of the company's practices. We aim to ensure that the services we deliver and our employment practices are fair and prevent discrimination in every way.

We are committed to ensuring equal access to our employment opportunities whenever they may arise. As part of this, we are committed to eliminating discrimination on the grounds of age, disability, ethnic origins, race, gender, religious belief, sexuality or any other diversity.

We aim to ensure that all members of the company (including freelancers) uphold and implement this policy. Managing diversity is key to us in ensuring that our main focus is on building a team, which enables us to deliver a high quality level of service to our customers, but at the same time provides a supportive working environment to all members of WDF Productions.
